Description

In Sant Just Desvern, we present this detached house with a constructed area of 557 m², divided into 4 floors on a plot of 552 m²; very quiet but centrally located. It has a modern, functional and practical design.

The distribution and the soul of the house are centered on the extraordinary garden, that is why the main rooms overlook this idyllic and very private place. The living-dining room overlooks the garden, through the large windows.

The brightness and spaciousness of the kitchen, is one of the jewels of this house, with a large island, spacious and functional space, we love it. The house has a large garage with space for several cars.
