Asking price: 690.000€

Description

High bright apartment to renovate and with lots of charm in the Les Corts neighborhood of Barcelona. This apartment is very bright and quiet, as it is on the 5th floor of a building with communal terrace and elevator.

The property has 154 m² built. The hall leads us to the cozy living room, located in the central part of the house, then there is a double room with the possibility of removing the partition and expand to a more living room, if we continue we have the kitchen to reform. The living room receives a lot of natural light as the property is all exterior.

At one end of the floor, facing the street, we find 2 bedrooms, one double. At the other end, facing the inner courtyard, there is a double bedroom, a medium bedroom, a bathroom with shower and a toilet. The rooms are nice and bright, due to the height of the floor and the natural light it receives.

More details

Its location allows you to enjoy its historical charms and all the services, stores, a large shopping area and connection to the rest of the city by metro stops L5 or L3.

The property has restored original hydraulic floors and a combination of coffered ceilings and wooden beams. It is equipped with air conditioning.

It currently needs updating and if a reform is made it has a lot of projection. since the meters, distribution and location make the floor has a lot of glamor once renovated.
